**Seminole County Animal Services and Veterans Services are proud to partner with Pets For Patriots. This program offers sponsored adoptions to connect our local heroes with the perfect furry companion.**

We all know the incredible bond between humans and animals. Studies show pets can significantly reduce stress, depression, and PTSD symptoms. Pets For Patriots understands this too, aiming to match veterans with loving companions from local shelters.

**Important to Note:** While these pets aren't trained service animals, Pets For Patriots offers resources to help with professional training if you choose.

Even if the Pets For Patriots program isn't a perfect fit, Seminole County Animal Services still offers free adoptions to all Seminole County veterans!
